# CULTURAL TOURS 2010

XXIX WORLD NUT&DRIED FRUIT CONGRESS

PRE TOURS

## WEDNESDAY OR THURSDAY, 19 or 20 MAY 2010

CULTURAL TOURS (1DAY) Optional Tours

### One day to visit the Ming tombs (Dingling & Sacred Way), lunch, Great wall Badaling. Back to the hotel

8:30 Departure. 10:30-12:00 Ming tombs (Dingling & Sacred Way). 12:20- 13:30 Lunch. 14:00-16:00 Great Wall Badaling. 18:30 Back to the hotel (you may visit a cloisonne factory)

**Ming Tombs** 50 kilometers northwest from Beijing City lies the Ming Tombs - the general name given to the mausoleums of 13 emperors of the Ming Dynasty (1368 - 1644). The mausoleums have been perfectly preserved, as has the necropolis of each of the many emperors. Because of its long history, palatial and integrated architecture, the site has a high cultural and historic value. The layout and arrangement of all thirteen mausoleums are very similar but vary in size as well as in the complexity of their structures.

**The Great Wall** (Changcheng), totaling more than 12,000 kilometers. It is the only man made object visible from the moon, and as one of the Eight Wonders of the world, the Great Wall of China lives up to its reputation. The Great Wall is a symbol of Chinese traditional culture and the pride of the Chinese nation. It's worth taking a hike and reflecting on this incredible feat of mankind.

**The tour cost includes the entrance fee, tour guide, transportation and local restaurant lunch with soft drink.**

### One day to visit the Summer Palace, Lunch, Olympic Park visiting the National Stadium or "Bird's Nest"

8:30 Departure. 9:30-11:30 Summer Palace. 12:00-13:00 Lunch. 13:30-16:00 Olympic Park, visit of the The National Stadium or "Bird's Nest". 17:00 Back to the hotel (you may buy some souvenirs of silk or pearl, etc.)

**Summer Palace** (Yihe Yuan) is a magnificent imperial garden located 12 km west of Beijing City. This is the largest ancient preserved garden in China and a former summer retreat for Emperors. The site includes more than 100 ancient style pavilions, mansions, towers, halls, temples, bridges and an enormous clear water lake.

**The National Stadium or "Bird's Nest"** The National Stadium is dubbed the "bird's nest" because of its innovative grid formation. The twig-like structural elements and the bowl-shaped roof are the masterpiece of the project, yet they pose great challenges for technicians and workers to make the building stand on its own feet. This futuristic stadium hosted track and field events during the 2008 Summer Olympics. It is especially beautiful at night when the stadium's lighting system is activated.

**The tour cost includes the entrance fee, tour guide, transportation and local restaurant lunch with soft drink.**
