## 1. Introduction

This document sets out the audit and inspection programme of DG Health and Consumers for 2009 with a detailed inspection programme for January to December.

There is always a degree of uncertainty attached to any SANCO inspection plan. Of necessity, it must remain flexible to enable it to respond to emergencies, other urgent issues and unforeseen circumstances. As in previous years, adjustments to the plan will be required as the year progresses. Inspections in response to emergencies can only be made by cancelling or postponing planned missions. Also, the carrying out of certain inspections will depend on the timely availability of resources.

An update of the programme will therefore, as usual, be presented in June 2009.

The programme is also published at the DG Health and Consumers website:

[http://www.ec.europa.eu/food/fvo/inspectprog/index\\_en.htm](http://www.ec.europa.eu/food/fvo/inspectprog/index_en.htm)

## 2. Number and distribution of audits and inspections

As shown in table 1, a total of 255 audits and inspections are planned for the 2009 programme. This figure includes the specific audits which supplement the general audits planned in 9 Member States in 2009 (see Chapter [3. Audits and inspections in Member States](#)).

As usual, audits and inspections in the food safety area make up the main part of the programme (68%). However, in line with the "farm to fork" approach, a large number of food safety inspections naturally also cover animal health and welfare elements. 12 and 5% of inspections, respectively, will specifically focus on controls in the animal health and welfare areas, and 7% of inspections are targeted at phytosanitary controls. General reviews - inspections to develop and/or update country profiles and to review overall progress on follow-up to FVO report recommendations - make up a further 8% of the planned audits and inspections.

**Table 1: Breakdown of audits and inspections 2009 by main areas:**

AREA	No. of audits and inspections	%
Food safety	174	68
Animal health	30	12
Animal welfare	14	5
Plant health	17	7
General review	20	8
<b>Total</b>	255	100

Table 2 provides an overview on the geographical breakdown of audits and inspections in 2009. 56% of the audits and inspections will take place in the European Union. In EFTA countries, 4 inspections are planned, while 4% of inspections will take place in candidate countries, and 38% in other third countries. Taking into account that one sixth of the audits and inspections in the EU deal with Member States' import control systems, overall, controls with respect to third countries' export of feed, food, plants and animals amount to more than 50% of the programme.

**Table 2: Geographical breakdown of audits and inspections:**

COUNTRY	No. of audits and inspections	%
EU-27	142	56
EFTA countries	4	2
Candidate countries	11	4
Other third countries	98	38
<b>Total</b>	255	100

### 3. Audits and inspections in Member States

As outlined above, the FVO will carry out nine general audits in the framework of the Official Feed and Food Controls Regulation<sup>1</sup> in 2009, namely in Belgium, Cyprus, Finland, Greece, Latvia, Lithuania, Portugal, Slovenia and the United Kingdom.

Following a pilot phase in 2007 and 6 general audits in 2008, 2009 will be the second year of the introduction of a 3-year audit cycle to all Member States. Following the integrative approach introduced by the Regulation, the main purpose of the general audits, in accordance with Article 45, is to verify that, overall, official controls take place in Member States in accordance with the multi-annual national control plans referred to in Article 41 of the Regulation and in compliance with Community law.

The general audits will be supplemented by specific audits across all main control systems; the list for each of the 9 Member States is determined by combining the regular prioritisation process with a desk analysis of the multi-annual national control plans and additional information such as Member States' own audit reports.

In the remaining 18 Member States, inspections will mainly focus on follow-up to issues identified in previous audits and inspections, and to prepare for the audits in 2010.

Table 3 gives an overview on all inspections and specific audits planned in Member States:

<sup>1</sup> Regulation (EC) No. 882/2004 on official controls performed to ensure the verification of compliance with feed and food law, animal health and animal welfare rules.

**Table 3: Audits and inspections 2009 in Member States**

(Some of the subjects below are combined into one mission, as shown in [Annex 1](#) which lists all specific audits and inspections categorised by Member State in alphabetical order.)

AREA/SECTOR		COUNTRY/REGION
<b>Control system for animal health</b>	<b>Eradication programmes and contingency plans</b>	Bulgaria, Cyprus, Finland, Latvia, Lithuania, Romania, Slovenia
	<b>Bovine semen/embryos</b>	Belgium
	<b>Tuberculosis and/or Brucellosis eradication control programmes</b>	Cyprus, Italy, Portugal
	<b>Intra-community trade in live equidae</b>	Romania, Spain
	<b>Foot-and-mouth disease labs</b>	Germany, France, Netherlands, United Kingdom
<b>Control system for food of animal origin</b>	<b>Traceability of fresh bovine meat and bovine products</b>	Belgium, Lithuania
	<b>Babyfood</b>	Belgium, Italy, Netherlands
	<b>Meat/milk hygiene package</b>	Bulgaria, Finland, France, Greece, Latvia, Malta, Portugal, Romania, Slovenia, United Kingdom
	<b>Poultry meat/poultry meat products</b>	Cyprus, Finland, Latvia
	<b>Poultry meat/poultry meat products/Salmonella control programmes (broilers)</b>	Belgium, Portugal, United Kingdom
	<b>Salmonella control programmes/table eggs</b>	Germany, Greece, Lithuania, Slovenia
<b>Control system for import of animals and food of animal origin</b>	<b>Import / transit controls / Border Inspection Posts (BIPs)</b>	Austria, Belgium, Cyprus, Denmark, Finland, Greece, Latvia, Lithuania, Netherlands, Portugal, Slovenia, Sweden, United Kingdom
<b>Control system for feeding stuffs and animal nutrition</b>	<b>Feed safety</b>	Cyprus, Czech Republic, Finland, France, Germany, Italy, Ireland, Lithuania, Netherlands, Spain, Sweden, United Kingdom
<b>Control system for Transmissible Spongiform Encephalopathies /animal by-products</b>	<b>Bovine Spongiform Encephalopathy (BSE)</b>	Bulgaria, Portugal, Romania, Slovenia, United Kingdom
	<b>Animal By-Products (ABPs)</b>	Belgium, Latvia
	<b>Organic fertilisers and the total feed ban</b>	Germany, Italy
<b>Control system for veterinary medicines and residues</b>	<b>Residues</b>	Belgium, Cyprus, Finland, Latvia, Lithuania, Slovenia, United Kingdom
<b>Control system for foodstuffs</b>	<b>Genetically modified feed and food</b>	Portugal, Romania
	<b>Food contact materials and use of food additives</b>	Greece, Finland, Latvia, Lithuania, Portugal, Slovenia, United Kingdom

AREA/SECTOR		COUNTRY/REGION	
<b>and food hygiene</b>	<b>Food hygiene/HACCP</b>	Belgium, Cyprus, Greece, Latvia, Lithuania, Portugal, Slovenia	
<b>Control system for imports of food of plant origin</b>	<b>Import controls (food and feed)</b>	Belgium, Greece, Finland	
<b>Control system for plant protection products</b>	<b>Pesticides</b>	Belgium, Cyprus, Germany ( <i>Community Reference Laboratory</i> ), Greece, Portugal, United Kingdom	
<b>Control system for animal welfare</b>	<b>Farms, transport, slaughter</b>	Belgium, Cyprus, Finland, Greece, Latvia, Lithuania, Portugal, Slovenia, United Kingdom	
	<b>Farms and slaughter</b>	Bulgaria, Malta, Romania	
	<b>Slaughter</b>	Spain	
	<b>Transport</b>	France, Romania, Spain	
<b>Control system for plant health</b>	<b>Import controls</b>	Finland, Greece, Lithuania, Latvia, Portugal, Slovenia	
	<b>Plant passports</b>	Lithuania	
	<b>Potatoes</b>	Greece	
	<b>Protected zones (<i>Erwinia amylovora</i>)</b>	Greece, Italy, Latvia, Lithuania, Slovakia, Slovenia	
	<b>General follow-up</b>	United Kingdom	
	<b>Outbreaks</b>	<b>Rynchophorus ferrugineus</b>	Greece
		<b>Anoplophora glabripennis</b>	Austria
		<b>Anoplophora chinensis</b>	Netherlands
<b>Bursaphelenchus xylophilus, Gibberella circinata, Toxoptera citricida</b>		Portugal	

GENERAL REVIEWS		
<b>General review missions</b>	<b>Pre general audit preparation</b>	Bulgaria, Czech Republic, Denmark, France, Italy, Luxembourg, Malta, Poland, Romania, Sweden
	<b>Post general audit review</b>	Austria, Estonia, Germany, Hungary, Ireland, Netherlands, Slovakia, Spain

#### 4. Inspections in EFTA Countries

Inspections in EFTA countries will be done in the framework of the agreement on the European Economic Area (EEA agreement) and agreements between the European Union and Switzerland. The inspection to Iceland will be a joint mission between the EFTA Surveillance Authority (ESA) and the FVO.

**Table 4: Inspections 2009 in EFTA Countries**

AREA/SECTOR		COUNTRY /REGION
<b>Control system for import of animals and food of animal origin</b>	<b>Import/transit controls on products of animal origin and live animals</b>	Iceland
<b>Food of animal origin</b>	<b>Meat/milk</b>	Switzerland
	<b>Babyfood</b>	Switzerland
<b>Feeding stuffs and animal nutrition</b>	<b>Feed additives and premixtures</b>	Switzerland

#### 5. Inspections in Candidate Countries and Western Balkans

The Food and Veterinary Office continues to evaluate the progress candidate countries are making in their preparations for accession. 2009 will see inspections to Croatia, Turkey and the former Yugoslav Republic of Macedonia on a wide scale of food safety and animal health issues. The FVO will also carry out general reviews to prepare country profiles for Turkey as well as for Albania, a Western Balkan country, and thus, potential candidate.

**Table 5: SANCO Inspection Programme 2009 in Candidate Countries**

AREA/SECTOR		COUNTRY/REGION
<b>Control system for animal health</b>	<b>Poultry animal health</b>	Turkey
<b>Control system for food of animal origin</b>	<b>Upgrading of food processing establishments (meat, milk)</b>	Croatia, the former Yugoslav Republic of Macedonia
	<b>Milk export sector</b>	Croatia, the former Yugoslav Republic of Macedonia
<b>Control system for import of animals and food of animal origin</b>	<b>Import/transit controls/Border Inspection Posts (BIPs)</b>	Croatia ( <i>subject to construction</i> )
<b>Control system for veterinary medicines and residues</b>	<b>Residues and contaminants</b>	Croatia
<b>Control system for feeding stuffs and animal nutrition</b>	<b>Feed hygiene</b>	Croatia

AREA/SECTOR		COUNTRY/REGION
<b>Control system for TSEs/ABPs</b>	<b>Animal by-products</b>	Croatia
<b>Control system for plant protection products</b>	<b>Pesticides (export related inspection)</b>	Turkey
<b>GENERAL REVIEW MISSIONS "ENLARGEMENT" (Candidate countries and/or Western Balkan countries)</b>		
<b>General review missions</b>		Albania, Turkey

A list of audits and inspections, categorised by country in alphabetical order, is shown in [Annex 3](#).

## 6. Inspections in Third Countries

In third countries, the FVO needs to ensure that competent authorities correctly apply relevant EU standards or their equivalent with respect to animals, plants and products intended for export to the European Union.

While the main part of these inspections is targeted at a review of existing approvals of major trade partners and follow-up to previous missions, there are also a number of new requests for approval which will need to be evaluated. The readiness of application files (such as, for example, timely replies by competent authorities to pre-mission questionnaires), but also certain specific regional circumstances (e.g. security considerations), are major conditions for the completion of the inspection programme. Therefore, a number of third country inspections can only be programmed provisionally at this stage.

**Table 6: SANCO Inspection Programme 2009 in Third Countries**

AREA/SECTOR		COUNTRY/REGION	
<b>Animal health</b>	<b>Foot-and-mouth disease controls</b>	Argentina, Brazil, Paraguay	
	<b>Live equidae</b>	Belarus, Libya, Mauritius	
	<b>Aquaculture</b>	Canada, Morocco, Singapore, Thailand	
	<b>Poultry</b>	Canada, China, Thailand	
<b>Food of animal origin</b>	<b>Pre-listing evaluation</b>	<b>Milk/milk-based products</b>	Belarus, Serbia, Ukraine
		<b>Red meat/red meat products</b>	Montenegro, Morocco, Ukraine
		<b>Ossein</b>	Indonesia
	<b>Poultry meat</b>	Argentina	

AREA/SECTOR	COUNTRY/REGION	
	<b>Poultry meat products</b>	China, Thailand
	<b>Casings</b>	Brazil, China, Pakistan
	<b>Milk/milk-based products</b>	Canada, Israel, Netherlands Antilles, United States
	<b>Red meat/meat products</b>	Argentina, Botswana, Brazil, Chile, China, Hong Kong, Namibia, Paraguay, Uruguay
	<b>Fishery products</b>	Algeria, Benin, Cape Verde, China, Dominican Republic, Egypt, El Salvador, Gabon, Guinea, Indonesia, Kazakhstan, Libya, Mauritius, Myanmar, Nicaragua, Nigeria, Sri Lanka
	<b>Live bivalve molluscs</b>	Canada, Greenland, United States
	<b>Fishery products and live bivalve molluscs</b>	Albania, Japan, Morocco, Peru, Uruguay, Vietnam
<b>TSEs/ABPs</b>	<b>Pet food</b>	China
<b>Veterinary medicines and residues</b>	<b>Residues</b>	Australia, China, Guatemala, India, Indonesia, Russia, Serbia, United States, Venezuela, Vietnam
<b>Food of plant origin/foods tuffs and food hygiene</b>	<b>Contaminants</b>	Australia, Azerbaijan, Brazil, India, Peru, United States, Uzbekistan
	<b>Food contact materials</b>	China, Hong Kong
	<b>Irradiation</b>	China
	<b>Genetically modified feed and food</b>	Brazil, China, United States
<b>Plant protection products</b>	<b>Pesticides</b>	Brazil, Chile, Morocco
<b>Plant health</b>	<b>Export controls</b>	China, Kenya, South-Africa, Zimbabwe
	<b><i>Bemisia</i> control equivalency</b>	United States

A list of inspections, categorised by country in alphabetical order, is shown in [Annex 4](#).

**Annex 1: Inspections in Member States, by Country in alphabetical order**

<b>MEMBER STATE</b>	<b>SHORT TITLE</b>	<b>REFERENCE NUMBER</b>
<b><u>Belgique/België</u></b> <b><u>(Belgium)</u></b>	Poultry meat and poultry meat products, salmonella control in broilers	2009-8063
	Import/transit controls/border inspection posts (animals and food of animal origin)	2009-8075
	Animal by-products (ABP)	2009-8093
	Residues and contaminants (live animals and animal products)	2009-8121
